

TRANS

BY RED STARR

I have heard
That
Being trans,
Is a revolutionary act.
And when I face
the glares
the anger
the hatred
surely
this feels true
the pain
that can come
simply by challenging
others
with
my existence.

And when I look
and see
so many
Trans Siblings
organizing
and

joining the fight
for
revolution,
my heart
swells.
We
will create
a new world,
together.
